Media Manager,
Fifty Digital, London

Course Syllabus

The Digital Marketing course comprises 10 Modules:
This course is accredited in Europe as a level 5 qualification.

1. Introduction to Digital Marketing

All current innovation in marketing is through digital channels. This opening lecture demonstrates the power of applying digital concepts across the marketing function in any business. You will learn how to harness the power of digital marketing as a core driver of the marketing strategy for a company.

Topics include:

- Strategies in Digital Marketing
- Aligning Internet with Business Objectives
- Examples of Great Case Studies
- User Behaviour & Navigation
- Branding & User Experience

2. Search Engine Optimisation

The SEO module will teach you about Search Engine Optimization and how to leverage key techniques to improve your website's organic ranking on search engine results pages (SERPS) to drive more traffic. It covers key technical insights to cultivate an effective SEO strategy.

Topics include:

- Stakeholders in Search
- Customer Insights
- On & off-page Optimisation
- Meta Tags, Layout, Content Updates
- Inbound Links & Link Building

3. Search Marketing

This module gives you essential skills to strategise, plan and manage a Search Engine marketing campaign. You will learn how to develop an effective PPC strategy and achieve demonstrable ROI.

Topics include:

- Campaign Management
- Conversion Tracking
- Targeting & Analytics
- Keyword Selection
- Conversion Metrics: CPA, CTR

4. Web Site Analytics

This module guides you through web analytics and other data sources to better understand site visitor characteristics and behaviour. You will understand the most important and appropriate metrics and how to use them to improve your digital activities.

Topics include:

- Goal Configuration & Funnels
- Intelligence Reporting
- Conversions, Bounce Rate, Traffic Sources, Scheduling etc

5. Social Media 1

In this module you will learn the skills to effectively engage with customers across a diverse range of social media platforms. You will learn to set up social media campaigns, define goals and set KPIs. You will learn different social media communication styles apply for different target audiences.

Topics include:

- What is Social Media Marketing?
- Overview of Facebook, Twitter, LinkedIn, Blogging, Youtube and Flickr
